

Collaborative Working Tools Series - Integrity Conservation Conversation

Using this prompt at each meeting will ensure the relationships are thriving (versus surviving) and you are tackling the tough issues.

What conversation am I / we currently avoiding?

With others, with myself?

What topic am I hoping won't be brought up?

What is the most important thing we should be talking about?

Right now – no dancing around the issue.

Where and with whom has the trust been damaged?

If it's me, what am I going to do about it? If its one of my team, when am I going to bring it out into the open for repair?

What do we need to know that some of us might not want to hear?
